

# Waste separation container X55 L5

Art. No. 80.51.301

## System for pre-existing rails

This container combination is designed for cabinets with a width of 550 mm. The core piece is the main container with a capacity of 40 litres, in which the waste bag can be filled to the brim. Two additional containers, each with a capacity of four litres, and a basic tray holding 2.8 litres complete the set and enable the collection of smaller recycling items or the storage of cleaning utensils.
