

X55 M5 Premium

Art. No. 80.50.304

Waste separation system for pre-existing rails

The X55 M5 Premium waste system is a lower X-LINE model for cabinets down to 367 mm high and 550 mm wide. The six additional bins in this set provide maximum flexibility for waste collection and storage of kitchen utensils. Whether organic waste, batteries, coffee capsules or dishwasher tablets - there is room for almost everything in this model. The main container with a capacity of 35 litres also incorporates an X-LINE premium drawer. Thanks to its full extension and high load capacity, the entire surface can be used as additional storage space.

- ▶ Easier waste bag clamping with four movable bag clamps.
- ▶ Fits all standard drawer chests with a depth of 400-500 mm, thanks to the adjustable ratchet system.
- ▶ Up to seven recycling possibilities.
- ▶ More order and convenience. Two add-on trays on a ball-bearing drawer with full extension.
