

X55 M5 Basic Pro

Art. No. 80.60.303

Waste separation system with frame guide system

This complete set for a cabinet width of 550 mm was designed for households with lower kitchen cabinets. Nevertheless, there is no need to do without an integrated option for separating and storing goods. The 35 litre main container is ideal for the bin liner. The two additional containers, each with a volume of 4 litres, provide space for collecting organic waste or storing dishwasher tabs, for example. The bins can be positioned either to the left or right of the main bin. The set also includes the Basic drawer, which provides additional storage space. The system is supplied with the robust pre-assembled drawer Pro with 70 kg load capacity.

- ▶ Low complete system for 550 mm cabinet width
- ▶ 35 litre main container for 35 or 17 litre Swiss charge sacks.
- ▶ Simple bag clamping with four movable bag clamps
- ▶ Base tray and two 4 litre containers
- ▶ Basic drawer as additional storage space
- ▶ Robust pre-assembled drawer Pro with 70 kg load capacity
- ▶ Guarantees durability despite daily use, moisture and dirt
