

X55 L5 Basic Pro

Art. No. 80.60.301

Waste separation system with frame guide system

In this complete set for a cabinet width of 550 mm, the 40 litre main container is supplemented with four additional containers. Smaller recyclables such as coffee capsules can be collected in the containers, each with a volume of four litres. Alternatively, the additional storage space can also be used to store dishwasher tabs or batteries. The containers can be positioned either to the left or right of the main container. The set also includes the Basic drawer, which provides additional storage space. The system is supplied with the robust pre-assembled drawer Pro.
