Waste system for hinged doors

This hinged door system is specifically designed for small kitchen cabinets with reduced height. The system can be used for cabinet widths as narrow as 400 mm. The system is complemented by a storage lid where sack rolls, cleaning utensils, dish soap, and more can be conveniently stored.

- ▶ More storage space thanks to practical storage lid for storing cleaning utensils and more
- ▶ Easy to remove thanks to the newly developed bolt for fixing the bin
- ▶ Compatible with the divider (accessory) for more flexibility in waste disposal and goods separation
