

X55 M17 Basic Pro

Art. No. 80.60.309

Waste separation system with frame guide system

This low complete set for cabinet widths of 550 mm was designed for households that prefer waste collection with 17 litre waste bags and therefore require a smaller main bin. In addition to the 20 litre main bin, this waste system offers even more space for the collection of recyclables. Two 10 litre additional bins provide space for organic waste, coffee capsules and dishwasher tabs, as well as for cleaning utensils and other items. The Basic drawer provides additional storage space for dishwashing sponges and other items. The system is supplied with the robust pre-assembled drawer Pro.

- ▶ Low complete system for 550 mm cabinet width
- ▶ 20-litre main container for 17-litre Swiss charge sacks
- ▶ Easier bag clamping with four movable bag clamps
- ▶ Two additional bins with a volume of 10 litres each for extra storage space and various recycling materials
- ▶ Basic drawer as additional storage space
- ▶ Robust pre-assembled drawer Pro with 70 kg load capacity
- ▶ Guaranteed durability despite daily use, moisture and dirt
