

Waste separation container X55 M5

Art. No. 80.51.302

System for pre-existing rails

This X-LINE container set was developed for reduced height cabinets with a width of 550 mm. It enables integrated goods separation despite a lower installation height. The 35-litre main container holds one 35-litre or two 17-litre official bags. The two additional containers, each with a capacity of four litres, and the basic tray holding 1.8 litres can be used for collecting recycling items or storing cleaning utensils and dishwashing tabs.
